Liberals Or Nobody: St. Laurent

Prime Minister Refuses to Talk Of Coalition

If the Liberals fail to win the next Dominion election no party will, Prime Minister Louis St. Laurent declared in Edmonton today.

Paying his first visit to Edmonton, the 67-year-old successor to Rt. Hon. W. L. Mackenzie King said he is "optimistic" over Liberal prospects in the next election.

But, "if we don't win, nobody will."

ONLY 'REALITIES'

The Prime Minister declined to discuss the possibility of a coalition government if no party has a clear majority, saying with a smile, "We Liberals prefer to deal with realities. We do not think such a situation is liable to arise."

Mr. St. Laurent also made no mention to a suggestion that the Progressive Conservatives and Social Credit might unite in the next House of Commons.

He laughingly ducked the question as to the date of the next federal election.

Mr. St. Laurent also made no mention to a suggestion that the Progressive Conservatives and Social Credit might unite in the next House of Commons.

He laughingly ducked the question as to the date of the next federal election.

CANDID FACIAL STUDY

"If we (the Liberals) don't win the election, no one will," was Prime Minister St. Laurent's first prediction as he met members of Edmonton press on his arrival today. Mr. St. Laurent was hesitant to make any other election predictions, and shied away from any mention of a date.

"LAND OF TOMORROW" is way prime minister depicted Alberta as he depicted a rosy future as Canada's oil capital for our province. Even cloudy weather didn't dampen PM's enthusiasm.

MORE SERIOUS note was struck when first man of the hand discussed Communism and communists. A matter of serious concern to all in way Mr. St. Laurent described evil. He believes Canada's present legislation is sufficient to cope with any subversive activities.

—By Bruce H. Stand.

Macdonald Extension Is Assured

The 300-room extension to the Macdonald Hotel will "go ahead," this was the confident assurance given here today by Hon. James A. MacKinnon, now minister without portfolio in the Dominion cabinet and soon to retire as member for Edmonton West.

There is no question about the Macdonald Hotel extension," said Mr. MacKinnon.

He said the extension has been provided in the CNR budget and the government has approved the project.

PLANS COMPLETED

It is obvious that the entire outlay of \$4,000,000 cannot be spent this year. The \$500,000 voted will be used for the 300-room extension has been completed and the plans for the 300-room extension have been completed and the plans for the 300-room extension have been completed.

ICE BREAKS IN RIVER AT 12:39 P.M.

Old Man River lost his last grip on Edmonton today as ice broke up in the official announcement at 12:39 p.m. that the break-up had begun on the Saskatchewan River.

Last year ice started its annual down-river journey April 24. Latest break-up over recorded was in 1909, when ice broke on May 8. Earliest was in 1910 and 1914, when the break-up came on April 3.

Sky to Clear For Eclipse

Edmontonians will be able to see an eclipse of the moon tomorrow night, the weatherman predicted.

The eclipse will begin about 7 p.m. and will be visible about 8:28 p.m. and end at 11:30.

CLEAR, WARM TOMORROW

Low forecast for tonight is 22. Tomorrow the mercury will hit 30 with clear skies and continued warm temperatures.

High temperature broke records throughout Alberta and Saskatchewan yesterday, when mercury readings ranged from 39 to 80 degrees. Edmonton's maximum temperature of 73 above at 5 p.m. broke the previous record of 74 for that date which was set in 1929.

Calgary's high of 72 broke the 1929 record of 70 in Edmonton. The city's high of 73 broke the 1929 record of 70 in Edmonton. The city's high of 73 broke the 1929 record of 70 in Edmonton.

Calgary's high of 72 broke the 1929 record of 70 in Edmonton. The city's high of 73 broke the 1929 record of 70 in Edmonton.

TRACES OF RAIN

Colder air moved in over the prairies last night from the west and traces of rain were received in Edmonton at 2:30 and 7:30 this morning.

Forecast for today is cloudy with occasional showers and moderate winds at 20 miles an hour. High for today will be 56.

Old Country Soccer Results

1929 record for soccer in Edmonton was 70 in 1929. The city's high of 73 broke the 1929 record of 70 in Edmonton.

Decision Stands

His decision to retire from active politics at the dissolution of the present house sitting at Ottawa still stands.

Easy Way To Tog Out For Easter

Have you got your Easter bonnet? And how about the new suit you purchased yourself months ago?

BONNET AND ALL

With all the expenses of re-decorating the house and getting the garden straightened out, money is pretty scarce these days.

Ship Strike Showdown Looming

What may be ultimate showdown for control of the Canadian merchant marine loomed today at least four word ports.

As the Canadian Seamen's Union (CSU) deep-sea shipping strike moved into its 12th day, rapid week-end developments in Halifax, Montreal, Georgetown, British Guiana and Saint John, N.B., tightened the already tense situation between the Communist-led CSU and the bitterly-opposed 300,000-member Seafarers' International Union (S.I.U.).

In Halifax, Secretary-Treasurer David Joyce of the S.I.U.'s Canadian district said "antagonizing threats" would be made by the CSU to return to the Canadian merchant marine as Canadian seamen's out of clutches hands of the Russians.

OFFICERS WON'T SAIL

In Saint John, most officers, engineers and radio operators of three British-owned ships refused to sail with S.I.U. crews, saying they "could not be used as strikebreakers."

The S.I.U. crewmen, headed in Georgetown by plane Saturday, met in a conference session with C.I.O. representatives and the British Guiana Trades Union Council and then concluded an "armistice" with their rivals.

BATTLE IN MONTREAL

What may be the biggest and hottest battle took shape in Montreal where only one ship is strike-bound.

Crews of the Mount Alta, first ship to arrive in the port for the summer opening, faced a court injunction ordering them off the ship.

ALL WORLD GRIPPED

Canada's United States and Mexico, the next day with food. Collins was trapped by a huge bonfire.

TRAPPED BY BOULDER

A 17-year-old neighbor, Jewell Falls, reached the doomed man the next day with food. Collins was trapped by a huge bonfire.

USED AS A SHIELD

By the bandit who was slain trying to hold up a Vancouver bank Friday, Ian Edmondson, 31, is glad to be with his mother again. Traffic Officer Cecil Bell drilled a bullet through the back of the young man, a former Albertan, despite the fact Ian was held tightly against the bandit's chest.

Girl Found Drowned After Weary Vigil

By Al Khan, Bill Becker and Graham Berry (AP and BUP Dispatches)

SAN MARINO, Calif., April 11.—The world is a little sadder today, but Kathy Fucius was brought up dead from her well today.

All mothers and fathers shared in some measure the grief that overcame David and Alice Fucius when the body of their 15-year-old three-year-old was found lying in water wedged about 100 feet down in the 14-inch pipe.

The announcement of death by drowning, last night brought to a tragic end the tireless digging of weary rescuers and the anxious waiting of sympathizers everywhere.

WHOLE WORLD STIRRED

Since little Kathy, running all play, stumbled into the well-covered well opening last Friday afternoon, accounts of the attempt of reach her had stirred the country, and the rest of the world, as few stories have in recent years.

Even though nothing had been heard from the child since about an hour after she plunged into the abandoned old cooling, hope and prayer filled most human hearts.

How else account for a crowd of more than 15,000 which watched final rescue efforts in this suburban community of exclusive homes about eight miles northeast of Los Angeles?

32 HOURS IN ALL

Some efforts took, in all, 32 operations said the public reaction was greater than in any other news story in recent years.

The Dallas News estimated the number of calls at "a million." A Denver Post operator said: "It's just terrific. Can't remember when there was so much public interest in a story." The Dallas Times Herald reported 9,000 telephone calls yesterday.

ROCK SLIDE DOOM

All efforts failed. Rescue workers take to Collins six days after he was trapped. Another mother heard the doomed man cough two weeks after that fatal day. A rock slide barricaded efforts to reach Collins through the tunnel.

TRAPPED BY BOULDER

A 17-year-old neighbor, Jewell Falls, reached the doomed man the next day with food. Collins was trapped by a huge bonfire.

USED AS A SHIELD

By the bandit who was slain trying to hold up a Vancouver bank Friday, Ian Edmondson, 31, is glad to be with his mother again. Traffic Officer Cecil Bell drilled a bullet through the back of the young man, a former Albertan, despite the fact Ian was held tightly against the bandit's chest.

MPs Use Recess To Get Home View

Feeling In Hustings May
Decide Date Of Election

By D'Arcy O'Donnell

OTTAWA, April 11.—(CP)—A two-week Easter recess stretches before members of the Commons and many of them plan to use it to find out what the voter back home has on his mind.

On what the Liberal members hear and see may depend the date of the next general federal election. The Commons will reconvene April 27 and a caucus of Liberal members probably will be held April 25. Prime Minister St. Laurent told newspaper men after a caucus last Wednesday that he and his cabinet colleagues would be "very interested" to hear the news brought back by the Liberal members from their home constituencies.

The choice of an election date, he said, would reflect majority opinion of his party.

This was interpreted as meaning that the date of the election may be decided on the basis of the feeling expressed by the Liberal members at the next caucus. The government decides the election date without consultation with the opposition parties.

As the members split up to go to their various homes, they appeared to be in two distinct camps regarding the choice of an election date.

Mail Insurance Rates Unchanged

CALGARY, April 11.—(CP)—No increase in mail insurance rates for 1949 are contemplated by the Alberta Mail Insurance Board, J. Glen Elder, board chairman, announced Saturday. Decisions were made by the board at a meeting in Calgary last week.

Rates ran from four to 26 per cent for full cover policies with each township taken as a unit for declining rates. It was decided to place 26 per cent of the townships in a lower rate area than they were in the previous year.

Board members voted to maintain present reserves of \$1,000,000 as a reserve for heavy loss years.

MOSQUITOS NEARLY EQUAL CANADA'S

NEW BRUNSWICK, N.J., April 11.—(AP)—A New Jersey mosquito expert left for Texas Saturday to see if it's true that everything is bigger there.

Thomas D. Mulhern, secretary of the State Mosquito Extermination Association and a member of the entomology department of Rutgers University, is going to serve as a consulting expert on mosquito control in Port Arthur, Tex.

And here's what he faces—the local chamber of commerce claims, according to the Rutgers University College of Agriculture, their mosquitoes are so bad that "when they come in formation and settle over the airport, we can't get our transport planes in the air."

Each receives a research project in his specialized field. While the foundation's announcement did not say whether the Canadian professor would take leave-of-absence, a foundation spokesman said the usual practice was for the recipient to devote his full time to the project.

BUILDING STUDY
Beach professor of commerce and chairman of the social sciences group, School of Commerce, McGill University, is to study the building and using of econometric models for Canada.

Relationship between the cabinet minister and his expert civil servant is the study assigned to Dr. Don, professor of political science, U. of T.

Read associate professor of English at U. of M. will conduct research on Christian symbolism in English poetry of the early 17th century. His fellow faculty member, Scott, professor of European history, will write a book on Athens in the middle ages.

The only fellowship awarded for research in the physical sciences went to Queller, professor of physical chemistry at Laval. He will experiment on the physico-chemical aspects of photochemistry.

Margarine Sale Studied In U.S.
SAINT JOHN, N.B., April 11.—(CP)—Manufacture and sale of margarine in New Brunswick is receiving "most careful consideration and study" by the provincial government, Premier McNeil has informed the New Brunswick Council of Labor (CCL).

Angus MacLeod, research president, had written the premier requesting that the government take no action to prohibit manufacture or sale of the commodity.

FUTURE BLEAK FOR BLEAK IN THAMES

LONDON, April 11.—(CP)—The outlook is bleak for "bleak" in the River Thames. The little fish are wanted to help satisfy demand for the latest feminine ornament—the checker pearl necklace.

Unknown to many, the species which provide many a fair throat over their lustrous skin is a fish which anglers know as "Atherina lineata," the anchovy or "Mullet" and the Thames fishermen as "Bleak."

Bleak rarely exceed eight inches in length and are never in shoals on sunny summer days swimming near the surface, where they are played on by water birds.

As wall-to-wall manufacturers also have little eyes on them

A toy balloon bursts . . . and a child stares with amazement at the sudden emptiness. The money you earn can vanish, raising the same bewildered cry, "Where did it go?"

Planned saving helps to make your financial services puncture-proof. To save systematically is to experience the satisfaction of enjoying the present and providing for the future—at one and the same time.

The Bank of Toronto will help you plan your personal savings to your own great benefit. For almost a century this Bank has opened Savings Accounts for men and women—and so doing has opened the way to freedom from worry . . . an enduring sense of growing security.

Begin now a programme of planned saving with the friendly cooperation of The Bank of Toronto in your community.

Scots Have Welcome For Soccer Winners

GLASGOW, April 11.—(Reuters)

More than 10,000 soccer fans stormed Glasgow's Central Station last night to welcome home members of the Scotland team which defeated England 2-1 in London Saturday, winning the British championship.

The players, who ended a run of lean years for Scottish soccer, were carried shoulder-high to their cars.

Newsman Appointed To Cabinet Post

ST. JOHN'S, April 11.—(CP)—Addison Brown, former newspaper man, last night was appointed supply minister in the interim cabinet that is governing Newfoundland until a provincial government is elected.

Premier Snelgrove announced the appointment of Mr. Brown, former editor of the Weekly Bell Islander. Nine other ministers had been appointed earlier.

RHEUMATISM YIELDS TO SPECIALIZED SYSTEM OF TREATMENT

Excelsior Springs, Mo., April 11.—So successful has a specialized system proven for treating rheumatism and arthritis that an amazing new book will be sent to any reader who writes who will write for it.

For those who suffer with aches, pains, stiff or sore joints, nervousness, over activity, systemic toxemia, colitis or other rheumatic complaints, this book, entitled, "RHEUMATISM," fully explains why drugs and medicines give only temporary relief and fail to remove the cause of the trouble.

The Ball Clinic, Excelsior Springs, Missouri, has perfected a specialized system of treatment for rheumatism and arthritis, combined with the world famous mineral waters and baths. This system of treatment, which has proven successful for over thirty years, is fully described in a book that tells how it may be possible for you to find freedom from rheumatism.

Write today for this instructive book, "RHEUMATISM." You need no obligation, and it may be the means of saving you years of untold misery. Address your letter to The Ball Clinic, Dept. 528, Excelsior Springs, Missouri—but be sure to write today.

Boy Murders To Go To Dance

BEVAN, O., April 11.—(AP)—A three-judge court Saturday convicted Edwin Arthur (Bud) Tingle, 15, of first degree murder in the slaying of Mrs. John Gabriel last May 3. The court recommended mercy, making a life sentence mandatory. The boy was charged with slaying Gabriel, 34, and Mrs. Gabriel, 36, to obtain use of their automobile so that he could go to a high school dance.

Five Children Burned To Death

BIRMINGHAM, Ala., April 11.—(AP)—Five motherless negro children were burned to death Saturday night in their four-room home. They were the children of John S. Scurry of Scurry-Gloria, 11, Delores, 5; John, 3; Lucille, 4, and Fred, 2. Scurry was not at home at the time of the fire. Deputy Sheriff Troy Tate said the blaze may have been caused by defective wiring.

Hopes Are High For China Peace

Communist Attitude Is Said Softened By Latest Appeals

NANKING, April 11.—(BUP)—Official sources said today the Communists have consented to a cease-fire in the Chinese civil war and are "moving closer to agreement" with the Nationalists in peace talks at Peiping.

A high source close to acting president Li Tsung-Jen said the Communists had agreed to call off their general offensive against Nationalist positions on the north bank of the Yangtsze river opposite Nanking.

ASSAULT SLACKENS

Although these sources did not know whether the cease-fire had been issued yet, front-line dispatches reported a slackening of the Communist onslaught on the north bank. They fired against Nationalist positions opposite Chinkiang, 30 miles east of Nanking, were reported to have withdrawn one mile.

Only small-scale skirmishes were reported from most of the remainder of the front. However, 1,000 Communist fighters snatched within eight miles northwest of Nanking before being driven off.

The favorable turn in negotiations in Peiping followed Li's personal appeal to Communist leader Mao Tse-tung for modification of the Red ultimatum for the government's unconditional surrender by Tuesday.

Chang Chih-Chung, chief of the Nationalist government's delegation, also went over the head of the Communist negotiators and called on Mao last Friday and Saturday in an attempt to prevent the talks from collapsing.

RED ATTITUDE SOFTENS

The direct appeal to Mao was said to have resulted in a considerable softening of the Communist attitude. The talks now were reported progressing "smoothly."

One report said Chang called Li that Mao had issued orders at 10 p.m. Sunday for a cease-fire on all fronts during the Peiping negotiations.

George Drew Made Colonel

QUEBEC, Ont., April 11.—(CP)—George Drew came home Saturday night to accept the post of honorary colonel in the corps he served with during the First World War—the 10th Field Regiment, Royal Canadian Artillery. The Progressive Conservative leader drove to his home town for a new dinner at Guelph armories after delivering at Toronto what may prove to have been the opening salvo of a federal election campaign. He spoke before women of the party.

The dinner was a private affair, and George Drew, who held the rank of lieutenant-colonel with the regiment, did not deliver a public address. In his Toronto address, Mr. Drew made numerous references to the impending federal election and said the only issue at that time would involve a simple choice between bureaucracy and democracy. He declared that only election of the Progressive Conservatives would guarantee a return to the free parliamentary system under which elected representatives will govern Canada.

Toronto Defended From Raiders

TORONTO, April 11.—(CP)—

Toronto's industries were threatened Saturday from a mock air attack Saturday when interception aircraft turned back the bombers and fighters of "Operation Lakehead" in the largest scale Canadian air maneuvers ever held in peacetime.

Radar installations east of the city picked up the three approaching heavy Lancaster bombers, from the RCAF station at Summerside, P.E.I., and their protecting flight of 12 Harvard training planes from No.

401 City of Montreal squadron. Toronto's industries were threatened Saturday from a mock air attack Saturday when interception aircraft turned back the bombers and fighters of "Operation Lakehead" in the largest scale Canadian air maneuvers ever held in peacetime.

I LIKE VERSATILITY!

Little wonder that owners use this Ford F-40 Pickup Truck on more kinds of jobs, with complete satisfaction! It's the leader in versatility—and it savings on gas, oil and upkeep.

SAVINGS WITH STYLE, FOR ME!

Extra-man appearance makes the Ford F-40 Panel Truck a distinctive advertisement for any business—and its low operating costs look good to owners, too. Extra handling ease in traffic and narrow streets.

I NEED ALL-ROUND UTILITY!

There are dozens of different jobs a Ford F-150 Chassis and Cab can do—and do best! That's why thousands upon thousands of owners choose the F-150 for lower costs, longer life and a wider range of use.

MY TRUCK MUST HAVE STAMINA!

Owners who handle some of the toughest jobs in hauling prefer the Ford F-150. Its extra-strong axles, frame, universal joints and crankshaft "pay off" in longer service, lower operating costs.

LOAD CAPACITY COUNTS WITH ME!

It's a question of bulk loads, many operators make the Ford F-150 Long-Wheelbase Truck their number one choice. It gives extra load space, extra loading and unloading convenience ... with exceptional economy!

Airlines Hotel Is Plush Spot

Latest In Furnishings And
Equipment Are Main Features

Super-modern surroundings, combined with a cuisine second-to-none, will make the new Airlines Hotel one of the most "plush" overnight stops for visitors to Edmonton.

The new hotel opens its doors to the public today. Located a stone's throw from the Municipal Airport's Administration building, the 35-room, six-story structure boasts the latest in comfort and quiet enjoyment for its guests.

SINGLE LEVEL

The single-level hotel, built in record-breaking time by owner Bob Kashower of Associated Airways, is finished throughout in pastel shades and eye-easy, matching wallpaper.

Thick rugs cover every inch of floor space, and indirect lighting with a variety of shades assures a maximum of efficient illumination throughout.

Furniture, displaying natural wood finish, was manufactured in Edmonton. Beds are of the Hollywood "spring base" mattress type and were brought from the coast.

ELECTRIC BLANKETS

Guests won't be bothered by cold weather, because each of the hotel's single and double beds are provided with electric blankets, with the controls built into convenient bedside-lamp tables.

Bathroom facilities have been included for each unit, with tile and chromium fittings. Not the least attention was given to construction of a kitchen and dining room to accommodate 100 guests at a time. Along with the main dining room, done-through in its pastel shades, there is a special private banquet room.

SUPERB KITCHEN

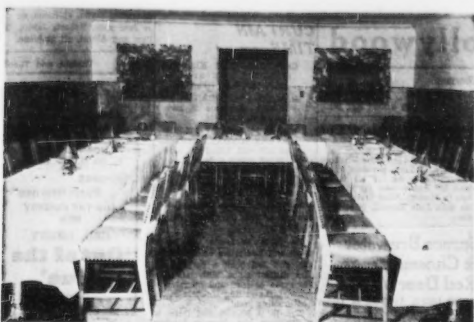

Chief Philippe Desormeaux, culinary artist imported from the Algonquin Club in Montreal, works in a gleaming kitchen and with fancy gadgets which do credit to the establishment.

Most modern of the facilities are a charcoal broiler for "extra-juicy" steaks, and a rotary chicken broiler, which also doubles for pork and lamb chops with the "locked-in-flavor".

Personal guarantees from the management and chef provides the best shake in or out of the city. Topping all this is a special limousine service for all guests arriving at Edmonton airport by any

Identity Sought
For Nude Body

MONTREAL, April 11.—(CP)—The nude body of a woman floating on the water's surface was removed from the St. Lawrence River yesterday at St. Sulpice, near here. Provincial police, who are seeking to identify the woman, said that the body bore only a narrow belt tied about the waist.

PLUSH DINING comfort and enjoyment is one of the outstanding, up-to-the-minute features of the new Airlines Hotel opening today at Municipal Airport. Two dining rooms, one of which can be made completely private for parties and banquets, can accommodate more than 100 guests at a time. Indirect lighting is "eye-easy" for maximum comfort and efficiency. Charcoal broiler, rotary chicken broiler assure best in steaks, chops, roasts and chickens.

New Technique Worked Out For Long-Range Bombers

By Elton C. Fay

WASHINGTON, April 11.—(AP)—The United States Air Force is working out a completely new bombing attack technique to fit its ultra-long-range B-36 strategic warplanes.

One of the problems came to bomber operators so high and so fast today in testimony of an air it was necessary to build in several force general before a congressional committee in hearings on the military appropriations bill.

Because the six-engined B-36 results on those targets, Maj. Gen.

C. B. Stone of the USAF's air

command disclosed.

He explained that with the new B-40 cameras the B-36s could "come in, take a picture and go out without being caught."

Stone's publication of testimony showed no further discussion of B-36 tactics. But, taken together with previously disclosed information, it served to point to other, probable trends in B-36 strategy.

DISTRICT NEWS IN BRIEF

Course Is Given In Town Planning

VEGREVILLE, April 11.—Mayor C. H. McClure, F. W. Laing, Wallace Wade and John Pitzalle have returned from attending a three-day course in town planning conducted under the auspices of the Husky Oil and Refining Company at the Beasborough Hotel in Saskatoon.

The sessions were featured by addresses delivered by several consulting engineers as well as by members of the faculty of the University of Saskatchewan on such subjects as the composition of prairie soils and their adaptation for arable and silvicultural production, the use of soil cement and the adaptability of Lloydminster grade of products in street surfacing.

Large delegations attended from various Saskatchewan centres, but Vermilion and Vegreville were the only two Alberta points represented.

A special feature was a demonstration of sidewalk construction carried out by employees of the town of Kindersley, Sask., with the use of mechanical equipment designed and constructed by themselves. With this home-made apparatus, the team consisting of four men were able to lay 200 feet of asphalt walk per day at a retreating rate of 50 feet per lineal foot for 4500 walks including base and curbs.

The asphalt used by this team was the product of the Husky Oil and Refining Company, a very intensive use of this material in the current public works program.

SCHOOL BY-LAW VOTE APRIL 13

STETTLER, April 11.—When the vote is cast on Wednesday, April 13 on the by-law for a new school for Stettler, only proprietary voters—those who own property in the town or in the limited school district are on nearby farms—are eligible.

A majority vote will win and not a two-thirds majority as in the hospital vote.

Thomas Casson Is Vegreville Fair Manager

VEGREVILLE, April 11.—Thomas Casson, Vegreville old-timer and a retired mailman received the appointment of secretary-manager of the Vegreville Exhibition Association from among four applicants at a special meeting of the directors held Friday.

Mr. Casson has been prominent in the affairs of the association for many years having acted as Chairman of the Grounds and Midway Committees and more recently of the building committee also.

Since 1906 control of the association has been vested in the hands of the town of Vegreville with the proviso that the secretary-treasurer of the town automatically acted as secretary-manager of the association. Recently however, the association paid off all its indebtedness to the town corporation with the result that the management of the affairs reverted to its own directors, hence the new appointment.

Former Farmer Dies At Hanna

HANNA, April 11.—Emanuel Burgenstam passed away on April 10 at the age of 75 after a long illness. He had celebrated his 75th birthday last March 28. Surviving are his wife and several sons and daughters.

Mr. Burgenstam farmed in the Carleton and Hanna Hills districts. He retired to live in the town of Hanna about ten years ago.

Campbell Again Heads Curlers at Red Deer

RED DEER, April 11.—J. F. Campbell was re-elected president of the Red Deer Curling Club for a second term at the annual meeting held in the armory Friday evening.

More than 70 curlers attended the business meeting which was followed by an enjoyable smoker.

Full slate of officers for 1948-49 were: President, J. F. Campbell; Vice-President, G. R. Campbell; Secretary, H. L. Henson; Treasurer, J. H. Henson; Director, J. H. Henson; Director, Harold Sorenson; Director, J. A. L. O'Connor; Director, C. A. Palmer; and J. Hutchinson. Father Turnbull acted as secretary-cum-scribe.

Even by Jim Gieson, J. D. McDevitt offered a toast to the curlers and to the club. The toast was followed by a social hour. Two movies shown by J. D. McDevitt, concluded the evening.

Inside Hollywood

By Bob Thomas
HOLLYWOOD.—(AP)—That little party up in Laurel Canyon last September cost Robert Mitchum about \$25,000.

This is one of the things the actor disclosed as he returned to work after serving 30 days in jail on a malicious conspiracy conviction. He shrugged off the sum.

"What's 25 grand?" he said. "I broke all the time, no matter how you look at it."

Mitchum's first morning at work was as though he had never been gone. He kindled the crew as usual. He greeted everyone with "Nothing to it." His first scene for "The Big Sister" had him walking down a hotel hallway, pulling out a pistol and entering a room.

After he finished the scene, I asked him if he had made any resolutions. "Resolutions?" he said in denial.

How did he think the jail term would affect him?

NO AFFECT
"Personally not at all except that I can't act like a trouper any more. Professionally—that's someone else's problem, not mine."

Mitchum has been reading some of his own mail. He said it was mostly sympathetic. Many of the correspondents were of the soul-saving type. One woman writer even claimed that he married her at the age of 15. "Please come and get me."

He was elected reeve of the Municipal District of Red Deer No. 53, at the statutory meeting of the Council held here last week. He succeeded R. H. Edgar, Red Deer, who retired this year after serving five years as reeve.

Mr. Brewster was deputy reeve of his ward until it was the original year and it one of the original line organizations of the larger ward in 1944. Prior to formation of the M. D. of Red Deer, he served for three and a half years on the council of the former Municipal District of Arthur.

Mr. Brewster farms two miles south and two miles east of Bowden and had been a resident of that territory since 1900. He has 370 acres of land and operates a mixed farm, raising Horn cattle and growing grain.

Mrs. R. S. Nelson, Red Deer, is a daughter, and there is another daughter, Lorna, at home, as well as four sons, Robert, James, William and Albert, all at home.

Seven New Trustees Receive Acclamations

FORT McMURRAY, April 11.—Changing of the status of McMurray from that of a village to a town last December has meant the school boards were required to increase their trustees from three to five members.

Nominations for this purpose were held April 4 and as not more than the necessary number in each ward was nominated, the cost of elections was avoided.

New trustees elected to the McMurray public school board were Mrs. Peggy Meis, John Rose and George Milne. These will work in conjunction with Jap. Dowd and Hugh Stroud. Secretary-treasurer is A. Hardman.

A. Hardman and J. Dmruk were elected to the Waterbury public school board; the other members being S. Stephens, J. Zimmerman and Mrs. Allen Williamson. Mrs. Cliff Toom is secretary-treasurer.

Father Turnbull and S. A. McQuinn are the new trustees named to St. John's Separate School District. Other members of the board are J. L. O'Connor, C. A. Palmer and J. Hutchinson. Father Turnbull will act as secretary-cum-scribe.

Even by Jim Gieson, J. D. McDevitt offered a toast to the curlers and to the club. The toast was followed by a social hour. Two movies shown by J. D. McDevitt, concluded the evening.

Five Nazis Convicted Of Aiding Hitler

By JOSEPHINE THOMPSON, British United Press Correspondent

Five former Nazis, including a former German ambassador to the Vatican and four other former high-ranking officials, were convicted today of aiding Hitler when they joined the German government in 1933.

NINE ACQUITTED—The American court acquitted nine other defendants in the same case.

The American court acquitted nine other defendants in the same case. The American court acquitted nine other defendants in the same case.

The American court acquitted nine other defendants in the same case. The American court acquitted nine other defendants in the same case.

TWO INVASIONS—Within Germany, the court found that the defendants had aided Hitler in his invasions of Poland and Czechoslovakia.

MATCH THE TWINS CONTEST "CORRECT SOLUTION." The correct twin pairs Nos. 14 and 15 are the twins submitted by Mrs. J. Dixon of Calmar, Alta., names of twins are Doreen Rawlinson (see Dixon) and Lauren Dixon and Nos. 12 and 13 are the twins submitted by Mrs. A. Watkins of 10334 145 st., Edmonton, names of the twins are Ruby Randolph (see Watkins) and Reta Watkins. The re-run of twin pictures will appear in the new Edmonton Bulletin for the complete 160 pictures comprising the correct 50 sets of twins with four pictures appearing in each day's paper.

London Dockers Strike Second Time in 10 Months

LONDON, April 11.—(AP)—London's second big strike in 10 months put a crimp in Britain's export drive today and held up unloading of vital food cargoes. Fifty-four ships were idle.

Some 7,500 dock workers—about one-fourth of the port of London's total—failed to report for work as a protest against the firing of 20 of their fellows by the national dock labor board.

54 SHIPS AFFECTED
The board reported that of the 54 ships affected, 30 were waiting in load report cargoes. Tons of goods arriving at the docks were piled up alongside the deserted ships.

Unloading of 16 import ships stopped as the strike spread from the first group of docks affected. Some of these carry meat and cheese for national Britain.

An unofficial London dock strike last June ended only after the related declared a state of emergency and troops were sent to unload food ships.

Today's strike was called by the National Amalgamated Dockers' and Dockers' Union. It was approved last night at a meeting of 2,000 of the union's nearly 5,000 members. A union spokesman said the entire membership had joined in the walkout.

MEETING CALLED
An emergency meeting of the National Amalgamated Dockers' and Dockers' Union was held last night to discuss the strike. The union's secretary, Arthur Wood, said the union was in a position to discuss the strike with the government.

The union's secretary, Arthur Wood, said the union was in a position to discuss the strike with the government.

Church Explosion Takes Six Lives

47 Other Persons Hurt
As Service About To Start

MARION, S.D., April 11.—(AP)—This small South Dakota town today planned a mass funeral for the six Holy Week worshippers killed Sunday as a blast destroyed St. Mary's Roman Catholic Church.

Bishop William O. Brady of Sioux Falls, diocese head, initiated the Holy Week service for the six worshippers who died as they knelt in prayer. Forty-seven other persons were injured several critically.

TRIFLIX EXPLOSION
The brick church was shelled by a basement explosion a few moments before the 9 a.m. Palm Sunday mass was to begin. Only the entrance bell tower remained standing. A small fire that followed was quickly put out.

Church officials attributed the blast to escaping bottled furnace fuel gas. Phil Wachendorf, a parishioner, said "everything blew up" when he threw a furnace switch.

Although buried in the wreckage and suffering from injuries and serious burns, Wachendorf was able to free himself and crawl out.

MANY OUTSIDE ESCAPED
The church had a seating capacity of 250 but only about 75 worshippers were in their pews. Many others stood in small groups outside while waiting for the mass to begin. They escaped following the explosion.

The priest, Father Joseph Zimmerman, 73, was preparing to enter the palm blessed altar. When some of the parishioners complained the church was cold, Wachendorf volunteered to turn on the furnace. A moment later the church was in ruins.

Party Ends In Murder

TORONTO, April 11.—(CP)—Patrick Murray, 22, was charged with murder Saturday night after the death of Ross Wilson, 32, who was fatally injured in a fist fight during a party in an east-Toronto home. He is scheduled to appear in court today.

Police said there were 30 guests in the home and Wilson was killed several times in the face by Murray following an argument. Wilson died shortly after being admitted to hospital.

Police said the argument started when Murray intervened in an argument between his sister and brother-in-law, Mr. and Mrs. Wilson. Wilson's death was attributed to strangulation from blood which streamed from cuts in his face.

Murray and the Wilsons were at a housewarming party and police said Mrs. Wilson was stopped by her husband in a quarrel. Murray to begin. They escaped following Wilson's death where they fought.

Neurologist Dies
NEW YORK, April 11.—(AP)—Dr. Irving Hotchkiss Purdie, 51, one of New York's leading neurologists, died yesterday.

FINE! BUT WHO TAKES THE SMELL?

TORONTO, April 11.—(CP)—A knock-downing contraption has been devised by the Toronto Humane Society for helping city dwellers troubled with skunks in their backyards. It's based on the theory that skunks are curious.

Says the society: Dig a hole, balance a barrel on its side over the edge and put some food in the bottom.

The skunk waits in and tips the barrel, which lands upright in the hole.

Then, says the Humane Society: Call us and we'll remove the skunk, barrel and all.

Parker Wins
MONTREAL, April 11.—(CP)—Francis Parker of the United States yesterday beat Gianni Cavelli, Italy, 24, 6-3, 6-4 in final of the men's singles of the Monte Carlo lawn tennis championship.

More Homes Built During February

OTTAWA, April 11.—(CP)—More new homes were built in Canada last February than during the corresponding month a year ago. The bureau of statistics reported there were about 1,000 more dwelling units completed in February than in February, 1964, bringing the total for the first two months of this year to 11,437. For the corresponding period in 1964 the figure stood at 12,514.

Four Escape Serious Injury In Mishap

CALGARY, April 11.—(CP)—Four Calgary residents escaped serious injury Saturday when their automobile rolled over in a 15-foot deep ditch on No. 22 highway about two miles north of Calgary.

RCMP said Leonard Leopky, 73, driver of the vehicle, had been arrested on a dangerous driving charge. Other passengers in the auto were Russell Stank, Larry Leopky and a Mr. Lamarche.

Former Speaker's Condition Better

WASHINGTON, April 11.—(AP)—James A. Gray, former speaker of the Canadian House of Commons, was reported today to be "slightly improved" after suffering a heart attack Friday.

Gray, who is 75, is a patient at the naval medical centre at nearby Bellevue. He has been in Washington in connection with the work of the international joint commission, a Canadian-United States group working on mutual water resource problems.

A meeting of Transport Union members is scheduled for tonight to discuss the strike.

The National Dock Board, in dismissing the strike, said there was no work for them.

The future lies at the point of the drill

The names of Canada's new oil fields have been heard from coast to coast... Leduc, Woodhead, Redwater.

They are fields discovered in the greatest search for oil in Canada's history. Already they have brought benefits to all Canadians; and in the west where they are turning back the tide of expensive imports the direct savings are counted in millions.

But before the fullest benefits can reach everyone even more oil must be found.

The successes of the past two years have been possible because there were people willing to go on risking millions in the search in spite of repeated disappointments.

Now, after the barren years that went before, these new fields seem large—and they are large! But they are far from enough to make Canada self-sufficient.

While it is now anticipated that billions of dollars will be required to develop the new fields, it is also anticipated that the new fields will produce oil for many years.

The same fact presents all requirements it has been anticipated that the new fields will produce oil for many years.

Further discoveries are the only means of breaking through the distance barriers that hamper oil with transportation costs. The future lies at the point of the drill.

IMPERIAL OIL LIMITED

If you're interested in facts... Imperial Oil Limited is now accepting applications for the position of Sales Representative in Alberta to develop the new fields.

Bringing you oil is a big job—and a costly one.

This advertisement is appearing throughout Canada in daily and weekly newspapers.
